1. [www.mormonthink.com](http://www.mormonthink.com) is a vast resource for presenting and discussing LDS truth-claims. [The site states](#) that they are “neither an anti-Mormon website nor an LDS apologist website”, but the discussion and tone *is* overwhelmingly critical, lest the reader be misled by this disclaimer. Regardless, it is a highly *useful* resource as long as the site’s bias is clearly appreciated.↔
